Sofiia Mizina

Front-end Developer (React)

Ukraine, Kremenchuk | sofiiamizina21@gmail.com | +380973977675 | [GitHub](https://github.com/Sofiia212121)

Professional Summary

Front-end developer with experience in building dynamic web applications, integrating **REST APIs**, and creating responsive designs. Proficient in **React**, **Vue.js**, **JavaScript**, **Node.js**, and **WordPress** (theme development, plugin customization, and content management). Completed both personal and **commercial** projects, including a client website for a kindergarten. Fast learner, always eager to explore new technologies.

Projects

1. **Pizza Shop App (React)** – Single-page pizza ordering app with routing, cart, filtering, and local storage.
2. **Kindergarten Website (WordPress)** – **Commercial** responsive site with custom theme, admin panel, and SEO setup.
3. **TMDB App** – A movie search application using **REST API**, featuring a responsive interface.
4. **Tanks Game** – Implemented game logic and object interaction in **JavaScript**.
5. **Vue-Users** – A web application for user management with API integration in **Vue.js**.
6. **Node.js API** – Created backend logic and APIs using **Node.js**, handling requests and authentication.
